The Canadian first lady of Iceland pens a book about why this tiny nation is leading the charge in gender equality, in the vein of The Moment of Lift. Iceland is the best place on earth to be a woman—but why? For the past twelve years, the World Economic Forum's Global Gender Gap Report has ranked Iceland number one on its list of countries closing the gap in equality between men and women. What is it about Iceland that enables its society to make such meaningful progress in this ongoing battle, from electing the world's first female president to passing legislation specifically designed to help even the playing field

at work and at home? The answer is found in the country's sprakkar, an ancient Icelandic word meaning extraordinary or outstanding women. Eliza Reid—Canadian born and raised, and now first lady of Iceland—examines her adopted homeland's attitude toward women: the deep-seated cultural sense of fairness, the influence of current and historical role models, and, crucially, the areas where Iceland still has room for improvement. Throughout, she interviews dozens of sprakkar to tell their inspirational stories, and expertly weaves in her own experiences as an immigrant from small-town Canada. The result is an illuminating discussion of what it means to move through the world as a woman and how the rules of society play more of a role in who we view as equal than we may understand. What makes many women's experiences there so positive? And what can we learn about fairness to benefit our society? Like influential and progressive first ladies Eleanor Roosevelt, Hillary Rodham Clinton, and Michelle Obama, Reid uses her platform to bring the best of her nation to the world. Secrets of the Sprakkar is a powerful

and atmospheric portrait of a tiny country that could lead the way forward for us all.

Best-selling "anti-guru" Sarah Knight has three simple words for you: YOU DO YOU. A humorous and insightful look into what advice works, what doesn't, and

what it means to transform yourself, by the co-hosts of the popular By the Book podcast. In each episode of their podcast By the Book, Jolenta Greenberg and Kristen Meinzer take a deep dive into a different self-help book, following its specific instructions, rules, and advice to the letter. From diet and productivity to decorating to social interactions, they try it all, record themselves along the way, then share what they've learned with their devoted and growing audience of fans who tune in. In How to Be Fine, Jolenta and Kristen synthesize the lessons and insights they've learned and share their experiences with everyone. How to Be Fine is a thoughtful look at the books and practices that have worked, real talk on those that didn't, and a list of philosophies they want to see explored in-depth. The topics they cover include: Getting off your device Engaging in positive self-talk Downsizing Admitting you're a liar Meditation Going outside Getting in touch with your emotions Seeing a therapist Before they began their podcast, Jolenta wanted to believe the promises of self-help books, while Kristen was very much the skeptic.

They embraced their differences of opinion, hoping they'd be good for laughs and downloads. But in the years since launching the By the Book, they've come to realize their show is about much more than humor. In fact, reading and following each book's advice has actually changed and improved their lives. Thanks to the show, Kristen penned the Amish romance novel she'd always joked about writing, traveled back to her past lives, and she broached some difficult conversations with her husband about their marriage. Jolenta finally memorized her husband's phone number, began tracking her finances, and fell in love with cutting clutter. Part memoir, part prescriptive handbook, this honest, funny, and heartfelt guide is like a warm soul-baring conversation with your closest and smartest friends.

A NEW YORK TIMES BEST-SELLER • "A memoir in essays about so many things—growing up in an abusive cult, coming of age as a lesbian in the military, forced out by homophobia, living on the margins as a working class woman and what it's like to grow into the person you are meant to be. Hough's writing will break your heart." —Roxane Gay, author of *Bad Feminist* Searing and extremely personal essays, shot through with the darkest elements America can manifest, while discovering light and humor in unexpected corners. As an adult, Lauren Hough has had many identities: an airman in the U.S. Air Force, a cable guy, a bouncer at a gay club. As a child, however, she had none. Growing up as a member of the infamous cult *The Children of God*, Hough had her own self robbed from her. The cult took her all over the globe—to Germany, Japan, Texas, Chile—but it wasn't until she finally left for good that Lauren understood she could have a life beyond "The Family."

Along the way, she's loaded up her car and started over, trading one life for the next. She's taken pilgrimages to the sights of her youth, been kept in solitary confinement, dated a lot of women, dabbled in drugs, and eventually found herself as what she always wanted to be: a writer. Here, as she sweeps through the underbelly of America—relying on friends, family, and strangers alike—she begins to excavate a new identity even as her past continues to trail her and color her world, relationships, and perceptions of self. At once razor-sharp, profoundly brave, and often very, very funny, the essays in *Leaving Isn't the Hardest Thing* interrogate our notions of ecstasy, queerness, and what it means to live freely. Each piece is a reckoning: of survival, identity, and how to reclaim one's past when carving out a future. A VINTAGE ORIGINAL

When it comes to truly finding out who you are and what makes you tick, there is one thing that needs no online subscription to a cloud-based server with a password you keep forgetting. That, my friend, is a shed. Your shed is your refuge. It's the place where you go when you need a break from this mad, crazy world. But a shed can only help you if it's not attached to the house. The minute you attach the shed to the gaff, or confuse the concept of a shed with the concept of a conservatory, or a home office or a Shepherd's Hut, you're doing yourself over. You're never, ever going to get spiritual en-

lightenment in a lean-to. That's like going to find yourself in Thailand, and staying in the airport. You need to make that pilgrimage to the bottom of the garden. Whether you're walking down a muddy track or crunching along a perfect gravel path, you have to get out of the house. Breathe in the fresh air. Then pull open the door, grapple for the light switch, fire up the heaters and turn on the kettle. Once you're inside the four walls of your shed, you can do whatever you like. You're the king in there.
