The Little Book of Gratitude: Create a life of happiness and wellbeing by giving thanks [Dr. Robert A. Emmons PhD] on Amazon.com. \*FREE\* shipping on qualifying offers. Gratitude is the simple, scientifically proven way to increase happiness and encourage greater joy, love, peace

The Power of Gratitude Why can't you be more grateful? It's likely at some point you've heard this remark from a parent, grandparent or have even uttered these words to a child yourself. (Or even worse, a partner!) Our need to see gratitude in others is a huge part of us seeing that per-

son also as a loving, caring person.

Their souls are possessed by gratitude, inspired by the remembrance of past benefits, and filled with wonder at the abundant loving-kindness of God. As Father Faber shows, gratitude is the fertile soil from which springs an ardent, exuberant love of Christ - a love that can be yours as well.

Autographed by the delightful editor, this book includes 365 quotes of gratitude that are both enlightening and uplifting. Next year, I will read a quote a day and fill out the nice appendix section for logging favorite quotes, completing a gratitude

checklist, and even an annual journal for reflecting on the quotes you read throughout the year.
