From the world of Avatar: The Last Airbender comes the instant USA Today and New York Times bestselling novel starring Avatar Kyoshi—now in paperback! Justice begins with one woman. After nine years of desperate searching for the next Avatar, the discovery of young, charming Avatar Yun has brought stability to the four nations—that is, until Earth Kingdom-born Kyoshi, Yun’s unassuming friend and servant, demonstrates remarkable bending during a mission to the South Pole. With the identity of the true Avatar at stake and the growing unrest among her allies turning into violence, Kyoshi is forced to flee the Avatar mansion with her fiery friend Rangi, taking little more than the metal war fans and headdress her parents left behind. It isn’t easy finding Avatar training on the run, but Kyoshi and Rangi find unlikely supporters in the daofoei: ragtag criminals and outlaws living in the shadows of the Earth Kingdom. Torn between following the traditional path of an Avatar and seeking vengeance for those she has lost, Kyoshi struggles to accept her newfound power as she trains in secret. But while Kyoshi, Rangi, and her daofoei friends face off against brutal underworld rivals, those who seek to control the Avatar draw ever closer to her, leaving trails of the dead in their wake. The story behind the longest-living Avatar in the history of this beloved world, *The Rise of Kyoshi* maps Kyoshi’s journey from a girl of humble origins to the merciless pursuer of justice still feared and admired centuries after becoming the Avatar.

A new strain of coronavirus emerged sometime in November 2019, and within weeks a cluster of patients began to be admitted to hospitals in Wuhan with severe pneumonia, most of them linked to the Huanan Seafood Wholesale Market. China's seemingly effective containment of the first stage of the epidemic, in glaring contrast with the uncontrolled spread in Europe and the United States, was heralded as a testament to the Chinese Communist Party's unparalleled command over the biomedical sciences, population, and economy. Conversely, much academic and public debate about the origins of the virus focuses on the supposedly "backwards" cultural practice of consuming wild animals and the perceived problem of authoritarianism suppressing information about the outbreak until it was too late. *The Origins of COVID-19*, by Li Zhang, shifts debate away from narrow cultural, political, or biomedical frameworks, emphasizing that we must understand the origins of emerging diseases with pandemic potential (such as SARS and COVID-19) in the more complex and structural entanglements of state-making, science and technology, and global capitalism. She argues that both narratives, that of China's victory and the racist depictions of its culpability, do not address—and even aggravate—these larger forces that degrade the environment and increase the human-wildlife interface through which novel pathogens spill over into humans and may rapidly expand into global pandemics.

The spellbinding classic that started it all, from the #1 New York Times bestselling author—the inspiration for the hit television series “A magnificent, compulsively readable thriller . . . Rice begins where Bram Stoker and the Hollywood versions leave off and penetrates directly to the true fascination of the myth—the education of the vampire.”—Chicago Tribune Here are the confessions of a vampire. Hypnotic, shocking, and chillingly sensual, this is a novel of mesmerizing beauty and astonishing force—a story of danger and flight, of love and loss, of suspense and resolution, and of the extraordinary power of the senses. It is a novel only Anne Rice could write.

The past is never far. . . . Elena Gilbert and her friends saved Fell’s Church from evil spirits bent on destroying it, but the town’s freedom came at a price: Damon Salvatore’s life. Damon’s death changes everything. He and his vampire brother, Stefan, had been locked in a vicious battle for Elena’s heart. Now that he’s gone, Elena and Stefan can finally be together. So why can’t Elena stop dreaming of Damon?As Elena’s feelings for Damon grow, a new darkness is brewing in Fell’s Church. Elena has been to hell and back, but this demon is like nothing she’s ever seen. Its only

goal is to kill Elena and everyone she loves.

Elena finally realises what her destiny is and which brother she wants to spend eternity with.

"A Life In Books is an illuminated novel containing 101 books within it, all written by Lehrer's protagonist, author Bleu Mobley, who finds himself in prison looking back on his life and career. Mobley's autobiography/apologia is paired with a review of all 101 of his books. Each book is represented by its first-edition cover design and catalogue copy, and more than a third of his books are excerpted. The resulting retrospective contrasts the published writings (which read like short stories) with the author's confessional memoir, forming a most unusual portrait of a well-intentioned, obsessively inventive (but ethically challenged) visionary."--Publisher description.

A groundbreaking look at why our interactions with others hold the key to success, from the bestselling author of *Think Again* and *Originals* For generations, we have focused on the individual drivers of success: passion, hard work, talent, and luck. But in today’s dramatically reconfigured world, success is increasingly dependent on how we interact with others. In *Give and Take*, Adam Grant, an award-winning researcher and Wharton’s highest-rated professor, examines the surprising forces that shape why some people rise to the top of the success ladder while others sink to the bottom. Praised by social scientists, business theorists, and corporate leaders, *Give and Take* opens up an approach to work, interactions, and productivity that is nothing short of revolutionary. Fuel up like 2017 New York City Marathon Champion Shalane Flanagan. From world-class marathoner and 4-time Olympian Shalane Flanagan and chef Elyse Kopecky comes a whole foods, flavor-forward cookbook—and New York Times bestseller—that proves food can be indulgent and nourishing at the same time. Finally here’s a cookbook for runners that shows fat is essential for flavor and performance and that counting calories, obsessing over protein, and restrictive dieting does more harm than good. Packed with more than 100 recipes for every part of your day, mind-blowing nutritional wisdom, and inspiring stories from two fitness-crazed women that became fast friends over 15 years ago, *Run Fast. Eat Slow.* has all the bases covered. You’ll find no shortage of delicious meals, satisfying snacks, thirst-quenching drinks, and wholesome treats—all made without refined sugar and flour. Fan favorites include Can’t Beet Me Smoothie, Arugula Cashew Pesto, High-Altitude Bison Meatballs, Superhero Muffins, Kale Radicchio Salad with Farro, and Double Chocolate Teff Cookies.

A New York Times Bestseller & Amazon Editor's Pick! After more than five hundred years of exile, the heir to the empyre is wary about his sudden reassignment to active duty on the Goblin War's front lines. His assignment to rescue an outpost leads to a dead-end canyon deep inside enemy territory, and his suspicion turns to dread when he discovers the stronghold does not exist. But whoever went to the trouble of planning his death to look like a casualty of war did not know he would be assigned to the Seventh Sikaria Auxiliary Squadron. In the depths of an unforgiving jungle, a legend is about to be born, and the world of Elan will never be the same. From Michael J. Sullivan, the New York Times, USA Today, and Washington Post bestselling author, a new adventure begins with the first book in *The Rise and Fall* trilogy. Although this series is set in the same world as the *Riyria* novels and the *Legends of the First Empire* books, it is a standalone tale. As such, no prior knowledge of the other works is required to enjoy this tale to its fullest.

As the oldest vampires in the world, Klaus, Elijah and Rebekah Mikaelson are less than thrilled that they must share New Orleans with the werewolves. Klaus decides to build an army to take them out once and for all. He's turning vampires left and right, with Rebekah by his side. The new vampires are killing any werewolf they can get their hands on, but as Klaus's army becomes more powerful, he becomes increasingly blind to the dangers that threaten Elijah and Rebekah. An epic choice faces the Mikaelsons, as one of them could be taken from the earth forever ...

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

An evocative, gorgeous four-season look at cooking in Maine, with 100 recipes No one can bring small-town America to life better than a native. Erin French grew up in Freedom, Maine (population 719), helping her father at the griddle in his diner. An entirely self-taught cook who used cookbooks to form her culinary education, she now helms her restaurant, *The Lost Kitchen*, in a historic mill in the same town, creating meals that draw locals and visitors from around the world to a dining room that feels like an extension of her home kitchen. The food has been called “brilliant in its simplicity and honesty” by *Food & Wine*, and it is exactly this pure approach that makes Erin’s cooking so appealing—and so easy to embrace at home. This stunning giftable package features a vellum jacket over a printed cover.

A Smithsonian Magazine Best History Book of 2018 The unknown history of two ideas crucial to the struggle over what America stands for In *Behold, America*, Sarah Churchwell offers a surprising account of twentieth-century Americans' fierce battle for the nation's soul. It follows the stories of two phrases--the "American dream" and "America First"--that once embodied opposing visions for America. Starting as a Republican motto before becoming a hugely influential isolationist slogan during World War I, America First was always closely linked with authoritarianism and white supremacy. The American dream, meanwhile, initially represented a broad vision of democratic and economic equality. Churchwell traces these notions through the 1920s boom, the Depression, and the rise of fascism at home and abroad, laying bare the persistent appeal of demagoguery in America and showing us how it was resisted. At a time when many ask what America's future holds, *Behold, America* is a revelatory, unvarnished portrait of where we have been.

In a Europe without borders, where social norms have become fragile, a son must confront the sins of his father and grandfather, and invent new strategies for survival A young boy grows up with a loving father who has little respect for the law. They are always on the run, and as they move from place to place, the boy is often distraught to leave behind new friendships. Because it would be dicey for him to go to school, his anarchistic father gives him an unconventional education intended to contradict as much as possible the teachings of his own father, a preacher and a pervert. Ten years later, when the boy is entering adulthood, with a fake name and a monotonous job, he tries to conform to the demands of ordinary life, but the lessons of the past thwart his efforts, and questions about his father’s childhood cannot be left unanswered. Spanning the mid-1980s to early-twenty-first-century in Copenhagen, this coming-of-age novel examines what it means to be a stranger in the modern world, and how, for better or for worse, a father’s legacy is never passed on in any predictable fashion.

From celebrated art historian, curator, and teacher Sarah Lewis, a fascinating examination of how our most iconic creative endeavors—from innovation to the arts—are not achievements but conversions, corrections after failed attempts. The gift of failure is a riddle: it will always be both the void and the start of infinite possibility. The Rise—part investigation into a psychological mystery, part an argument about creativity and art, and part a soulful celebration of the determination and courage of the human spirit—makes the case that many of the world's greatest achievements have come from understanding the central importance of failure. Written over the course of four years, this exquisite biography of an idea is about the improbable foundations of a creative human endeavor. Each chapter focuses on the inestimable value of often ignored ideas—the power of surrender, how play is essential for innovation, the “near win” can help propel you on the road to mastery, the importance of grit and creative practice. The Rise shares narratives about figures past and present that range from choreographers, writers, painters, inventors, and entrepreneurs; Frederick Douglass, Samuel F.B. Morse, Diane Arbus, and J.K. Rowling, for example, feature alongside choreographer Paul Taylor, Nobel Prize-winning physicists Andre Geim and Konstantin Novoselov, and Arctic explorer Ben Saunders. With valuable lessons for pedagogy and parenting, for innovation and discovery, and for self-direction and creativity, The Rise “gives the old chestnut ‘If at first you don't succeed...’ a jolt of adrenaline” (Elle).

It's 1766. The oldest vampires in the world, siblings Klaus, Elijah and Rebekah Mikaelson, have rebuilt New Orleans to great glory. The witches live on the fringes in the bayou and the werewolves have fled. But still, Klaus isn't satisfied. No kingdom is complete without a queen to sit beside the king. Klaus has spent years trying to find a witch who will resurrect his love, Vivianne. When he finally finds a witch powerful enough and willing to perform the spell, happiness suddenly seems within reach. But things aren't as simple as they seem, and the witch has an agenda of her own ...

It's the year 1722. Ever since the siblings Klaus, Elijah, and Rebekah Mikaelson landed on the shores of New Orleans, they have been fighting to claim the city as their own. They are the oldest vampires in the world, trying to share the city with the witches and the werewolves. Enter Vivianne. Raised as a witch, she is betrothed to a werewolf for a union that should bring peace be-

tween the witches and the werewolves. She is the only girl in New Orleans off limits to the Mikaelsons. Klaus immediately plans to make Vivianne his own. Can the vampires cling on to their territories in the city? Or will Vivienne and Klaus trigger a battle bigger than anything New Orleans has ever known?

Adam Gordon is a brilliant, if highly unreliable, young American poet on a prestigious fellowship in Madrid, struggling to establish his sense of self and his relationship to art. What is actual when our experiences are mediated by language, technology, medication, and the arts? Is poetry an essential art form, or merely a screen for the reader's projections? Instead of following the dictates of his fellowship, Adam's "research" becomes a meditation on the possibility of the genuine in the arts and beyond: are his relationships with the people he meets in Spain as fraudulent as he fears his poems are? A witness to the 2004 Madrid train bombings and their aftermath, does he participate in historic events or merely watch them pass him by? In prose that veers between the comic and tragic, the self-contemptuous and the inspired, Leaving the Atocha Station is a portrait of the artist as a young man in an age of Google searches, pharmaceuticals, and spectacle. Born in Topeka, Kansas, in 1979, Ben Lerner is the author of three books of poetry The Lichtenberg Figures, Angle of Yaw, and Mean Free Path. He has been a finalist for the National Book Award and the Northern California Book Award, a Fulbright Scholar in Spain, and the recipient of a 2010-2011 Howard Foundation Fellowship. In 2011 he became the first American to win the Preis der Stadt Münster für Internationale Poesie. Leaving the Atocha Station is his first novel.

Family is power. The Original Vampire family swore it to each other a thousand years ago. They pledged to remain together always and forever. But even when you're immortal, promises are hard to keep. Klaus, Elijah and Rebekah Mikaelson had won it all, only to lose it again by 1788. Control of New Orleans is split between the vampires and the werewolves, much to Klaus's displeasure. In a dangerous attempt to reclaim his home, Klaus decides to build a vampire army to take out the werewolves once and for all. If he can't have love, then he'll settle for power. Elijah lets his brother take the reins as he turns his attentions to a beautiful and mysterious woman. But Rebekah has had enough of her brothers' love of bloodshed and begins a journey to find her first home and the key to her family's immortality. As the battle rages on, the siblings must come together and fight for what they believe in most: family.

Elena rises from the dead and awakens the vampire brothers, Stefan and Damon, to help her save her beloved town from an inexplicable evil.

A mind-expanding, cheerfully dystopian new novel by Yoko Tawada, winner of the National Book Award Welcome to the not-too-distant future: Japan, having vanished from the face of the earth, is now remembered as “the land of sushi.” Hiruko, its former citizen and a climate refugee herself, has a job teaching immigrant children in Denmark with her invented language Panska (Pan-Scandinavian): “homemade language. no country to stay in. three countries I experienced. insufficient space in brain. so made new language. homemade language.” As she searches for anyone who can still speak her mother tongue, Hiruko soon makes new friends. Her troupe travels to France, encountering an umami cooking competition; a dead whale; an ultra-nationalist named Breivik; unrequited love; Kakuzo robots; red herrings; uranium; an Andalusian matador. Episodic and mesmerizing scenes flash vividly along, and soon they're all next off to Stockholm. With its intrepid band of companions, Scattered All Over the Earth (the first novel of a trilogy) may bring to mind Alice's Adventures in Wonderland or a surreal Wind in the Willows, but really is just another sui generis Yoko Tawada masterwork.

Christianity, one of the world's great religions, has had an incalculable impact on human history. This book, now the most comprehensive and up to date single volume work in English, describes not only the main ideas and personalities of Christian history, its organisation and spirituality, but how it has changed politics, sex, and human society. Diarmaid MacCulloch ranges from Palestine in the first century to India in the third, from Damascus to China in the seventh century and from San Francisco to Korea in the twentieth. He is one of the most widely travelled of Christian historians and conveys a sense of place as arrestingly as he does the power of ideas. He presents the development of Christian history differently from any of his predecessors. He shows how, after a semblance of unity in its earliest centuries, the Christian church divided during the next 1400 years into three increasingly distanced parts, of which the western Church was by no means always the most important: he observes that at the end of the first eight centuries of Christian history, Baghdad might have seemed a more likely capital for worldwide Christianity than Rome. This is the first

truly global history of Christianity.
