64B - TIANA CLARA

This is a collection of 47 big-note, level 1 easy solos on old favorites designed to build technique, range, and endurance while maintaining student interest. These familiar folk tunes are fun to play and ideal as a supplement to any method. All of the solos in this text may be played together in ensemble with the Fun With Viola, Fun With Cello, and Fun With String Bass books. Basic information on parts of the violin and tuning is included. The tunes in this book provide an excellent source of practice material for learning note values, articulations, and dynamics. Bowings are included throughout the book.

Whether you are an ambitious music student, aspiring songwriter, or a teacher looking for a tool to promote creativity, the

Meridee Winters Music Composition Book is a versatile tool for taking notes, recording your great ideas and helping spark new ones. With a visually fun layout and space for both notated music and written work, this book can meet the needs of any music student or independent learner. The composition book includes: Staff paper for notating music, song ideas and more, notebook pages for writing out lyrics, chord progressions and more, goal-setting pages, idea pages - great for titles and other small sparks of brilliance, a build-it-yourself table of contents to easily locate your work, and room for doodling, dreaming and creating song stories. About the Meridee Winters Music Method: Founded by a former school teacher, the Meridee Winters Music Method was created as a solution to a problem: that lesson and exer-

cise books teach at the rote and recall level, with little room for creativity. There is also a need for great music materials for learners of all styles, including adults, gifted learners, young learners, students that fall on the autism spectrum, those with dyslexia and more. The Meridee Winters Music Method tackles all of these complex needs with her playful, progress-boosting books and activities. Capture all of your great musical ideas, and be motivated to create even more with this fun and inspiring tool.

A carefully designed method for the young, beginner violinist. Covers all of the open strings of the violin, along with the scales of A major and D major. Also incorporates the use of staccato playing, eighth notes, dotted quarter notes, key signatures and more. All examples sound great

and are fun to play. Features entertaining full-color illustrations along with each song.

This is the full eBook version of Violin Basics (Pupil's Book) in fixed-layout format. Violin Basics is a landmark method by two of the leading figures in music education. Comprising pupil's tutor book, teacher's accompaniment book, and online audio, Violin Basics provides everything you need to get playing. This Pupil's Book starts at absolute beginner level and progresses to Grade 1 level. The step-by-step technical progression is supported by fun exercises and warm-ups, a wide range of imaginative repertoire, music theory, and general musicianship activities. Audio of all the accompaniments are available online.

For use in group string classes

Solve your problems in the practice room with these ideas for anyone playing a musical instrument. The engaging illustrations present solutions with humor. Stories from master musicians are included to encourage you to have fun with your struggles, and know you're not alone. Ms. Chaffee has compiled smart practice concepts to help people who may not always have access to a private teacher. It is a continuation of lessons for practicing smarter from Becky Chaffee's first book for a young audience, *Have Fun with Your Music*.

As a child learning to play the violin, the technical aspects are sometimes forgotten, or at the very least hard to remem-

ber! In this book, your child can jump into an imaginary violin world and be reminded—in a fun way—of the fundamentals of hand position and bow movement. After reading this memorable folk tale, the young violinist will say, “I must move the bow from my elbow so that I don’t make the old oan’s house shake and I will leave space between my hand and the violin so that the Peg family can visit their cousins!” This book is much more than a fun story—it is also full of the technical details that parents and teachers want and appreciate. So hop inside Vio’s Violin to visit the old man, the Peg family, and the people of Tail Town and learn more about the wonderful world of music.

(Instrumental Folio). This monstrous collection includes instrumental solos of more than 70 Disney classics: *Beauty and the Beast* * *Can You Feel the Love Tonight* * *Friend like Me* * *It's a Small World* * *Mickey Mouse March* * *A Pirate's Life* * *Reflection* * *The Siamese Cat Song* * *A Spoonful of Sugar* * *Trashin' the Camp* * *Under the Sea* * *We're All in This Together* * *Written in the Stars* * *You've Got a Friend in Me* * *Zip-A-Dee-Doo-Dah* * and dozens more.

More than thirty-five famous and tradition-

al old Bluegrass favorites. Includes stylistic bowings and chord changes.

Piano accompaniment book to The Violin Fun Book for Young Students.

More than seventy easy trios for beginning and intermediate level violin players.

(Schott). Here is a practical, in-depth instruction book covering all aspects of pop, folk and rock violin technique. Over 150 different rock violinists are referred to in detail covering a range of styles including blues, folk rock, country rock, progressive rock, jazz rock and heavy metal. This book explores a wide variety of technical aspects including chords, scales, soloing and effects, and is accompanied by a CD containing demonstrations, play-along tracks and exercises performed by Chris Haigh on violin with a live backing band. Ideal for the budding rock star, or classical player looking for something a little different!

A stress-free, big-note-filled violin method. This handbook combines all the most important technical aspects of learning violin positions, from second to seventh, as well as connecting them through position shifting - all in one place: preparatory exercises, fingering exercises, scales (one and

two-octave), exercises for all six types of shifts, finger charts.

(Fast Track Music Instruction). FastTrack is (you guessed it!) a fast way to learn to play violin! Skeptical of method books? (Yeah, we think they're kind of boring, too.) That's why we've tried to make FastTrack different from the rest: user-friendly, plenty of cool songs, and a lot more fun. In addition to teaching you what you need to know about the violin, we've included lots of stuff you want to know the parts of the violin, bowings, fingerings, articulation, and much more. So, open the book, crack your knuckles, get your violin out of the case, and let's learn to play it!

GOOD MORNING AMERICA BOOK CLUB PICK! • Ray McMillian is a Black classical musician on the rise—undeterred by the pressure and prejudice of the classical music world—when a shocking theft sends him on a desperate quest to recover his great-great-grandfather's heirloom violin on the eve of the most prestigious musical competition in the world. "I loved The Violin Conspiracy for exactly the same reasons I loved The Queen's Gambit: a surprising, beautifully rendered underdog hero I

cared about deeply and a fascinating, cut-throat world I knew nothing about—in this case, classical music." —Chris Bohjalian, #1 New York Times bestselling author of *The Flight Attendant* and *Hour of the Witch*
 Growing up Black in rural North Carolina, Ray McMillian's life is already mapped out. But Ray has a gift and a dream—he's determined to become a world-class professional violinist, and nothing will stand in his way. Not his mother, who wants him to stop making such a racket; not the fact that he can't afford a violin suitable to his talents; not even the racism inherent in the world of classical music. When he discovers that his beat-up, family fiddle is actually a priceless Stradivarius, all his dreams suddenly seem within reach, and together, Ray and his violin take the world by storm. But on the eve of the renowned and cutthroat Tchaikovsky Competition—the Olympics of classical music—the violin is stolen, a ransom note for five million dollars left in its place. Without it, Ray feels like he's lost a piece of himself. As the competition approaches, Ray must not only reclaim his precious violin, but prove to himself—and the world—that no matter the outcome, there has always been a tru-

ly great musician within him.

Finally, a trumpet book with appeal to kids that focuses on fundamentals taught through songs that young people love to play. Author Larry E. Newman (Beginning Band Fun Book series) created this book to be used as a first year beginning method or as a second year review and continuing book for the progressing intermediate student. The book is crammed with tons of musical examples, scales, arpeggios, songs, solos, duets and trios. Mix and match the trumpet book with other instrument books in this collection to create customized woodwind and brass groups.

This delightful book features easy to read and play songs for kids along with coloring pages opposite each song. Every selection is presented twice - once with letters inside the oversized note heads and a second time without the letters. Beautiful original artwork makes this book a treasured keepsake of your child's early musical and artistic efforts. (Available for recorder, string, woodwind and brass instruments.)

Hana has signed up to play the violin at the talent show, even though she's only

had three lessons. Her brothers predict disaster. But Hana practices and practices, inspired by her grandfather, or Ojiichan, who played the violin every day when she visited him in Japan. As Hana takes the stage, doubt is all she can hear, until she recalls her grandfather's words of encouragement, and shows the audience how beautiful music can take many forms.

Jan H~~███~~_mal~~█~~_ (1844-1915) was an influential Czech violinist and teacher, associated with Moscow Conservatory for 46 years. These are his progressive scale studies in 10 sections.

Are you ready for a new collection of energetic, catchy fiddle tunes? The Blackberry Blossom Fiddle Book for Cello is here! This book has tunes and harmonies you will hum through the rest of the day and can give you a new reason to get excited about playing the cello! Perfect for in-person and remote private (or group) lessons, string ensembles of any combination, or impromptu chamber music parties, this book (along with the violin, viola, bass, and optional piano books) gives you eleven "mix-and-match" fiddle arrangements to play, along with short preparatory warm-up exercises. Each tune has four

options so musicians at different levels can play together: an Advanced Melody, a Stress-Free Melody, a Basic Harmony, and a Teacher Harmony. You can warm up with the exercises, try the Stress-Free Melody, and then work towards the Advanced Melody. The Blackberry Blossom Fiddle Book for Cello can be played in a group or group class with the violin, viola, bass, and piano books; all of the tunes can be learned and played together as duets, trios, or in groups of any size. This cello fiddle book is entirely in first position, in the keys of D and G and will get your toes tapping and your fingers fiddling!

Give yourself the gift of effortless learning and get started right away by turning this book into your best friend and companion. After purchasing the book, you can send your sheet music requests directly to the comment section of the youtube channel *Music Lessons Eva Alexandrian*

Dr. Suzuki questioned why all vocalists vocalize every day to improve their voices, but instrumentalists do not do so every day with their instruments. He believes that on any instrument, one needs to practice to make a more beautiful tone. First he talks about playing a beautiful resonant tone with the bow while plucking the string with a finger. When a pizzicato is played, the resonance goes on for a long time. Students should listen to that resonance and play the same kind of clear beautiful sound. He talks about how to make a difference in the tone by using a different bow speed, how to practice to find the resonance point, how to change the weight of

the arm on the bow to produce a different kind of tone, and how to change tone color. This book includes all of Dr. Suzuki's basic ideas about tone.

Learn cello third position with the exercises and position pieces in this method book.

This is the piano accompaniment book to The Beginning Band Fun Book method. The method is written specifically for elementary students by elementary band teachers, this popular band method features extra-large sized notation, letter names inside the note heads, limited material per page, fun, child centered graphics, online video tutorials and much more. This exceptional method is one of the few on the market that targets the elementary age band student. The focus on playing recognizable tunes and while having fun makes this the perfect book for the young musician.

ViolinMind is a pedagogical method book that focuses on intonation. It is a transcription for the violin of CelloMind published in 2017 by Ovation Press, Ltd. The co-authors of ViolinMind are Hans Jørgen Jensen, Professor of Cello at the Bienen School of Music at Northwestern University and Grigory

Kalinovsky, Professor of Music (Violin) at Indiana University Jacobs School of Music. The mystery of intonation is dissected by defining the scientific principles behind it, and providing easy, intuitive examples of the three main kinds of intonation systems used today: Equal Temperament, Just, and Pythagorean. Playing with exquisite intonation has mostly been reserved for those who possess a strong intuitive sense of pitch and harmonic color; however, ViolinMind breaks down this barrier using a highly detailed, systematic approach, making the process of acquiring a sophisticated sense of intonation similar to any other technical skill. Chapters in the book explore in great detail topics such as the harmonic overtone series, the scientific principles behind Cents, the syntonic comma, the just scales, the Pythagorean comma, the Pythagorean semitones, advanced sympathetic vibrations, Tartini tones, and double stops studies in tritones. All chapters in the book include numerous practical samples and listening exercises that bridge the gap between the theory and its application. The chapters on intonation conclude with practical examples from the following repertoire: intonation perfor-

mance practice in the Bach Sonatas and Partitas for Violin Solo (BWV 1001-1006), and intonation performance practice with piano. The appendices in the book provide detailed explanations about the Helmholtz intonation chart, the harmonic series, just intonation, the Schisma, as well as an illustration of two violin fingerboards from two method books from the 18th century showing pitch distribution for just intonation and Pythagorean intonation respectively.

When Dylan hears someone playing their violin in the subway he wants to stop and listen, but his mother and other commuters ignore the violinist completely.

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

The Cello Fun Book for Young Students by Larry E.
