## 28F - CONRAD ADALYNN

---

Gives background to the business learner's world and strategies for approaching the training task, focusing on the learner's professional knowledge and experience. This book is suitable for teachers, trainers, and course organizers in the field of Business English or considering a move into it.

Are you an ONLINE English Teacher? Or should I say, BUSINESS English COACH? It can be frustrating and time-consuming searching for relevant material to use in your conversational lessons/calls with learners. Much of the material available is now somewhat outdated, given the impact of the Covid-19 pandemic on the

world of work. That's where '2022 Business English Conversation Topics for C1-C2 Learners' comes in to play! Within, you'll find 42 topics relating to the challenges of post-pandemic work, which we all, whether coach or learner, need to be discussing. Remote or Hybrid working, Gender equality, Diversity & Inclusion, Women in Leadership, and Agile working practices are all on our lips in this challenging and constantly changing business environment. Topics are split into the following 6 sections - Remote Control - Topics relating to the pros and cons of Remote Working and the challenges it may bring. Freelance Future - An opportunity to discuss topics such as working as a freelancer or digital no-

mad, passive income, and the rise in location independence. Equality Rising - Promoting diversity & inclusivity in the workplace is more crucial than ever, How do the topics of women in leadership, gender pronouns, and tokenism factor into the modern world of work? Pandemic Proof - What does the future of work look like? Is formal attire outdated? Is VR the replacement for Zoom? Is the time of the office dead and buried? Hybrid Harmony - Many of us are dividing our time between home and the office. Here, you can discuss how you can manage the many complexities of this new way of working! Agile Adaptation - Flexibility in the workplace is vital. You'll have an opportunity to discuss how the

world of work is changing and how we all need to adapt... in a flash! As a learner, you may be considering a move to an English-speaking country. You may be interviewing with an international company. You may work in IT as a software developer or engineer. You will need to be able to confidently discuss the aforementioned issues with employers and colleagues. In addition to conversational prompts to use as a guide during calls, you'll find a plethora of additional material such as articles and links to videos to accompany the coaching/learning process. This eBook is fully interactive with clickable links and space to jot down vocabulary/phrases, with a chance for learners to practice, in order to fully embed their new knowledge! Whether you're teaching/coaching with a platform such as Italki, or running your own teaching business, this eBook will provide you with further weapons to your arsenal to help your learners progress and reaching their English-learning goals!

In this second version of the Trainers' Edition of Digital Tools for Teachers, I have built on the original volume of Digital Tools for Teachers by updating and

extending many of the original chapters and also by adding seven additional new chapters. In this book, the first four chapters are provided as a guide for teachers who want to use the book for teacher training and development. Contents

1. - Introduction	.....	1
2. - Conceptual Models	.....	11
3. - Training Tips	.....	25
4. - Training Activities	.....	31
5. - Training Tools	.....	52
6. - Reading Tools	.....	60
7. - Writing Tools	.....	73
8. - Listening Tools	.....	94
9. - Speaking Tools	.....	102
10. - Grammar Tools	.....	114
11. - Presentation Tools	.....	122
12. - Poll & Survey Tools	.....	130
13. - Infographic Tools	.....	137
14. - Course Creation Tools	.....	148

15. - Games & Gamification ..... 163  
 16. - Virtual Reality Tools ..... 172  
 17. - e-Safety ..... 179

Using the tools, tips and activities provided in these first chapters a teacher with some basic experience of using technology in the classroom should be able to create motivating hands-on edtech training for their peers or for pre-service trainee teachers. The fifth additional chapter is dedicated to providing a range of links to ready-made computer games that can be used for language acquisition and development. The sixth additional chapter focuses on virtual reality and provides links to a range of tools and resources that can enable teachers to exploit this area of technology within their classroom practice. The seventh additional chapter looks at the area of e-safety and the things that we can do to protect our students, ourselves and our computers from some of the potential threats that we can encounter online. The remainder of the book, like the first edition, is a collection of more than 100 links to tools and resources that have been

chosen and organised to enable teachers to easily find ways of applying technology to the activities they do with their students. I sincerely hope you find this book useful and that it helps you to enhance your teaching and training and helps to make your students' learning experience richer and more engaging.

The pace of modern life is accelerating. To keep up, we must keep on moving and adapting – constantly striving for greater happiness and success. Or so we are told. But the demands of life in the fast lane come at a price: stress, fatigue and depression are at an all-time high, while our social interactions have become increasingly self-serving and opportunistic. How can we resist today's obsession with introspection and self-improvement? In this witty and bestselling book, Danish philosopher and psychologist Svend Brinkmann argues that we must not be afraid to reject the self-help mantra and 'stand firm'. The secret to a happier life lies not in finding your inner self but in coming to terms with yourself in order to coexist peacefully with others. By encouraging us to stand firm and

get a foothold in life, this vibrant anti-self-help guide offers a compelling alternative to life coaching, positive thinking and the need always to say 'yes!'

The flipped classroom methodology is one of the latest innovations in the field of education, challenging traditional notions of the classroom experience. Applying this methodology to language learning has the potential to further engage students and drive their understanding of key concepts. Flipped Instruction Methods and Digital Technologies in the Language Learning Classroom explores the latest educational technologies and web-based learning solutions for effective language learning curricula. Featuring emergent research on critical topics and innovations in the field of education, this publication is an essential resource for educators, administrators, instructional designers, pre-service teachers, and researchers in the field of education.

offers downloadable and photocopiable lesson materials, extensive teaching notes and a variety of inclusive activities for B2-C1 level students. Handouts Teaching tools Lists of English business idioms A unique business idiom dictionary completes the book About the author David Bohlke is an ELT author, editor, trainer and consultant with 35 years of expertise in creating market-driven publishing materials. He has commissioned, edited and written some of the world's top-selling courses and skills texts for the adult, secondary and academic English markets, including: Four Corners and Final Draft (Cambridge University Press); Keynote and Reading Explorer (National Geographic Learning); Skillful (Macmillan Education); Next Generation Grammar (Pearson); and Speak Now (Oxford University Press).

Instant English lessons – learn in a flash! TEFL Lesson Plans For Dummies is a ready-made course manual for TEFL teachers. With fully fleshed-out lessons, activities, tools, games, and resources, this book contains what is essentially an instant TEFL course. Use the ready-made materials directly in the classroom, or follow

along with the detailed planning models and frameworks to grow your skills while designing your own lesson plans more effectively. The book includes access to online materials you can print for use in class, and the lessons can be used with or without the aid of technology in the classroom. You'll find expert advice on teaching all age levels and class sizes, including ideas for taking the lessons out into the world. Many EFL/ESL teachers have little or no experience, and may have only been in the profession for a limited time. TEFL Lesson Plans For Dummies saves the day with materials, ideas, and activities that can be implemented quickly and easily, making lessons more productive and fun. From quick exercises to larger-scale plans, this book contains hundreds of ways to help your students become more proficient English speakers. Implement expertly-designed planning models with step-by-step advice Teach lessons designed for students of all ages and classes of all sizes Integrate technology when it's available, or do without it when it's not Move your lessons outside of the classroom for deeper immersion Whether

you're taking a TEFL training course, about to head out on your first job, or a veteran of the field, this book provides you with the tools you will need to get things moving in class. If you're looking to cut down on planning time without sacrificing student engagement, TEFL Lesson Plans For Dummies is the classroom-ready resource you need.

Are you looking for an exciting opportunity to travel and work abroad? Teaching English as a foreign language is a fun and rewarding career choice if you want to see the world. Whether you're a trained teacher, newly qualified or want to travel the globe, Teaching English Abroad is the most comprehensive guide to finding and securing a teaching job abroad. Packed with hundreds of different schools and placements across 90 countries from South Korea to Australia, there are a huge range of opportunities to choose from, including both long and short-term placements. Teaching English Abroad provides all the essential information you need, region by region, so you have a safe and successful trip. Inside find out: How valuable qualifications are to teaching

abroad Which ELT courses available, lasting from a weekend to 3 years Where to search for jobs from recruitment organisations to websites How to prepare for your trip abroad and overcome any issues How other teachers found their work from personal accounts Now in its 16th edition, this new edition includes more than 50 new employer listings - from Switzerland to Taiwan, Georgia to Kenya, and Hungary to Bolivia.

Unlock new career opportunities as we reveal the secrets behind Teaching English as a Second Language. For those who dream of living abroad, this ebook lifts the lid on the world of ESL. Find out how to deal with job interviews, control your classes and understand new cultures. If you are thinking of moving abroad to teach, this is simply the book you must read before starting to pack. For those already in a classroom, Teaching English offers help with creating lessons that sparkle, reveals essential teaching theory and includes keenly-observed anecdotes about what life is really like living and working in a foreign country. It also includes dozens of ideas for easy-to-prepare les-

sons and engaging activities for students of all abilities. Teaching English is written by award-winning Lonely Planet author Mark Beales, who has been an educational leader in international schools for nearly 20 years. Mark has a BA (Hons) in English Literature, a PGCE and a M.Ed. (Distinction).

Teaching English Online - Business English through Coaching and Conversation - Lesson Plan Ebook - 92 pages Are you an existing Online English Teacher with a desire to incorporate Business English into your teaching arsenal? This Ebook could be for you! As an experienced Online English Teacher with a background in HR and over 20 years of work experience, I largely specialise in Business English, teaching via the popular language-learning platform, Italki, in addition to offering private lessons on my website. The vast majority of my students are B1-C2 level ADULT PROFESSIONALS based in Russia, and across Europe. Many work in particular fields such as IT, Banking and HR. Students such as these may be working for an international company, are relocating to an English-speaking country, or may simply want to focus on their interview tech-

nique. The issue is, however, is that much of the Business English material available to teachers has a tendency to focus on overly-formal language, outdated situations and generalised vocabulary which may not be relevant to individual students. Also, professionals may be able to describe the technical intricacies of their job role, but struggle when it comes to discussing behaviours. 2020 has also seen a change in Business English. Boardroom meetings have turned into Zoom calls, Job Interviews take place over Skype, and the use of informal language on modern communication platforms has become far more prominent. This Ebook is effectively the second half of my FULL Business English Ebook - this option is for any existing, experienced who are simply looking for some structured, conversational lesson plans to use with students. Classroom lessons and textbooks for advanced students are not necessarily useful. Advanced students want to have a conversation, build their confidence and learn new, relevant vocabulary. This Ebook consists of over 60 behavioural, skills-based, issues-based, and industry-specific conversational

lesson plans. Each lesson plan contains useful prompts for the teacher, relevant phrasal verbs, idioms, and collocations for the student to use during a lesson, in addition to pre-work/technical prompts for both the student and teacher in the industry-specific topics. These lesson plans will last you forever!! You can also find examples of behavioural interview questions which are typically asked in modern times, particularly around failure and reflection, leadership skills and more, instead of the typical "What are your strengths and weaknesses" questions. Overall, Business English students need support with confidence. This can only be achieved through 1-2-1 coaching and conversation. If you are a new teacher who would simply like further detail and guidance on the WHY and HOW of Business English through Coaching and Conversation, you can pick up the FULL Ebook on this site. Happy Teaching! The rocket english offers its readers a variety of exercises and study plans, both beginner and advanced. Readers can design the plans and exercises given in the book for themselves, and they can be successful in exams

that require skills such as speaking, listening, and reading.

Learn to: Put an EFL course programme together from scratch Let your students loose in skills classes - from reading to listening Deliver grammar lessons in a logical and intuitive way Cope with different age groups and capabilities Your one-stop guide to a career that will take you places If you thought that teaching a language that's second nature to you would be easy, think again! Explaining grammar, or teaching correct pronunciation while simultaneously developing your own skills as a teacher can be a huge challenge. Whether you're on a training course or have already started teaching, this book will help launch your career and give you the confidence and expertise you need to be a brilliant teacher. Make an educated decision - decide between the various courses, qualifications and job locations available to you Start from scratch - plan well-structured lessons and develop successful and effective teaching techniques Focus on skills - from reading and writing, to listening and speaking, get your students

sounding and feeling fluent Get your head around grammar - teach students to put sentences together, recognise tenses and use adjectives and adverbs All shapes and sizes - tailor your lessons to younger learners, one-to-ones, exam classes and Business English learners Open the book and find: TEFL, TESOL, EFL - what all the acronyms mean The best course books and materials to supplement your teaching Advice on running your class and handling difficulties Lesson plans that you can use in the classroom Activities and exercises to keep your students on their toes Constructive ways to correct and assess your students' performance Ways to inject some fun into your classes Insider information on the best jobs around the world 'An invaluable manual for anyone thinking of embarking on a TEFL journey. Michelle Maxom's step-by-step guide provides practical tips to get you started and offers key advice to help unleash the creative English language teacher within.' - Claire Woollam, Director of Studies & a Teacher Trainer at Language Link London

This text is aimed specifically at advanced level

learners of business English. Primarily designed as a self-study reference book, it can also be used for classroom work.

This book is more than a collection of activities or ready-made lesson plans to add to a teaching repertoire. Instead, Goal-Driven Lesson Planning is intended to empower teachers and help them create a principled framework for their teaching—a framework that will shape the varied activities of the ESL classroom into a coherent teaching and learning partnership. After reading this book, teachers and prospective teachers will be able to articulate their individual teaching philosophies. Goal-Driven Lesson Planning shows readers how to take any piece from English language materials—an assigned text, a random newspaper article, an ESL activity from a website, etc.—and use it to teach students something about language. Readers are walked through the process of reflecting on their role in diagnosing what that “something” is—what students really need—and planning how to get them there and how to know when they got there in a goal-driven principled manner. This book has chapters on the theory of

setting specific language goals for students; how to analyze learner needs (including an initial diagnostic and needs-analysis); templates to use when planning goal-driven English language lessons; explicit instruction on giving corrective feedback; how to recognize and assess student progress; and the mechanics and logistics that facilitate the goal-driven language classroom.

This book analyses the learning experiences of students of Business English at a Chinese university. It addresses several topical issues in English for Specific Purposes (ESP) education and Business English teaching, including how ESP students learn, how they develop multiple identities. In particular, it focuses on their professional identity in the classroom, and how these identities are transferred to the workplace. This allows the author to present a model of learning Business English that corresponds to the lived experiences of students in China, but which can also be applied to other ESP learner contexts. In doing so, he demonstrates how to research the professional identity of ESP learners from multiple perspec-

tives, and contributes to the validity of research on language learning and learner identity. This book will appeal to scholars of English for Specific Purposes, Second Language Acquisition, and TESOL Education.

More than 130 activities as well as tips and suggestions for using the classroom board more effectively and efficiently. This book provides tips and suggestions to help language teachers use their classroom boards more effectively and efficiently. More than 130 activities for the board to help teachers both teach and assess their students are included. These activities will also provide opportunities for students, whatever their age or level of competency, to learn and practice specific lexical, phonetic, or grammatical items; attain increased fluency in their writing, reading, listening, and speaking skills; teach and learn from their peers; practice self-assessment; get to know each other and other cultures better; and have fun during the learning process.

This book provides a practical introduction to Business English for new and experienced teachers, and deals with a range of issues from needs analy-

sis and course planning to testing and evaluation.

Teaching English with Corpora is an accessible and practical introduction to the ways in which online and offline corpora can be used in English language teaching (ELT). Featuring 70 chapters written by an international range of researchers and practitioners, this book:

- provides readers with clear, tested examples of corpus-based/driven lesson plans;
- contains activities relevant to English for general purposes and English for specific purposes;
- caters for the needs of English language teachers working with learners at different proficiency levels;
- features flexible teaching suggestions that can be explored as part of a lesson or as a full lesson.

This book is an essential purchase for pre- and in-service English language teachers as well as those studying corpus linguistics in undergraduate/Master's courses in applied linguistics, ELT and Teaching English to Speakers of Other Languages (TESOL).

Introducing Business English provides a comprehensive overview of this topic, situating the concepts of Business English and English for Specific

Business Purposes within the wider field of English for Special Purposes. This book draws on contemporary teaching and research contexts to demonstrate the growing importance of English within international business communication. Covering both spoken and written aspects of Business English, this book: examines key topics within Business English, including teaching Business English as a lingua franca, intercultural business interactions, blended learning and web-based communication; discusses the latest research on each topic, and possible future directions; features tasks and practical examples, a section on course design, and further resources. Written by two leading researchers and teachers, *Introducing Business English* is a must-read for advanced undergraduate and postgraduate students studying Business English, Business English as a Lingua Franca, and English for Specific Business Purposes.

*Teaching English Online - Business English through Coaching and Conversation - Full Ebook - 195 pages* Are you an existing Online English Teacher with a desire to incorporate Business English into your teaching arsenal? Or,

perhaps, you're planning to pursue Online Teaching as either a full-time profession or side-hustle. Whichever box you fall into, this Ebook could be for you! As an experienced Online English Teacher with a background in HR and over 20 years of work experience, I largely specialise in Business English, teaching via the popular language-learning platform, Italki, in addition to offering private lessons on my website. The vast majority of my students are B1-C2 level ADULT PROFESSIONALS based in Russia, and across Europe. Many work in particular fields such as IT, Banking and HR. Students such as these may be working for an international company, are relocating to an English-speaking country, or may simply want to focus on their interview technique. The issue is, however, is that much of the Business English material available to teachers has a tendency to focus on overly-formal language, outdated situations and generalised vocabulary which may not be relevant to individual students. Also, professionals may be able to describe the technical intricacies of their job role, but struggle when it comes to discussing behaviours. 2020 has

also seen a change in Business English. Boardroom meetings have turned into Zoom calls, Job Interviews take place over Skype, and the use of informal language on modern communication platforms has become far more prominent. This Ebook is split into three simple parts - WHY, HOW, AND WHAT. The 'Why' section is aimed at teachers who may have little to no experience in teaching Business English. What types of student need to improve their Business English through coaching and conversation? For what reasons? In what situations do students need to improve their Business English? The 'How' section describes useful teaching techniques I have used, such as an adapted PPP lesson plan, methods of building writing capability, a behavioural interview focus, and much more! Classroom lessons and textbooks for advanced students are not necessarily useful. Advanced students want to have a conversation, build their confidence and learn new, relevant vocabulary. Keeping this in mind, the 'What' section consists of over 60 behavioural, skills-based, issues-based, and industry-specific conversational lesson plans.

Each lesson plan contains useful prompts for the teacher, relevant phrasal verbs, idioms, and collocations for the student to use during a lesson, in addition to pre-work/technical prompts for both the student and teacher in the industry-specific topics. These lesson plans will last you forever!! You can also find examples of behavioural interview questions which are typically asked in modern times, particularly around failure and reflection, leadership skills and more, instead of the typical "What are your strengths and weaknesses" questions. Overall, Business English students need support with confidence. This can only be achieved through 1-2-1 coaching and conversation. If you are an existing, experienced teacher who would simply like to have some useful lesson plans to hand, you can purchase the lesson plans-only version from this site. Happy Teaching!

An international business expert helps you understand and navigate cultural differences in this insightful and practical guide, perfect for both your work and personal life. Americans precede anything negative with three nice comments; French, Dutch,

Israelis, and Germans get straight to the point; Latin Americans and Asians are steeped in hierarchy; Scandinavians think the best boss is just one of the crowd. It's no surprise that when they try and talk to each other, chaos breaks out. In The Culture Map, INSEAD professor Erin Meyer is your guide through this subtle, sometimes treacherous terrain in which people from starkly different backgrounds are expected to work harmoniously together. She provides a field-tested model for decoding how cultural differences impact international business, and combines a smart analytical framework with practical, actionable advice.

This guide to teaching English in Japan gives practical information on the different types of teaching jobs available and how to find them, plus tips on living in Japan. It also includes advice on preparing a lesson plan, methods, and approaches, and class management.

Put theory into practice with with exercises which test your knowledge and challenge your understanding

Due to globalization, the ability to converse in English has become an in-

credibly important skill to possess. Business people, students, and the general public alike have become increasingly aware of the advantages provided by English literacy, and are therefore willing to go to great lengths to become proficient in the language. ESL stands for "English as a Second Language." ESL teachers teach the English language to non-native English speakers all over the world. Thus, English becomes the student's second language. While teaching ESL can be challenging, it can also be a very rewarding experience. This book is designed to help you, the ESL teacher, become better equipped to create enjoyable and effective ESL lessons for your students. Here, you'll learn everything that you need to know to plan great lessons for your classes so that you and your students can make learning English easy, stress-free, and fun.

Business Result Second Edition offers business professionals more communication and language practice than ever before, so they develop business English skills to use immediately. Relevant, personalized practice for people at work With Business Result Second Edition, students

practise language that is relevant to their work context, so they can use what they learn in real work situations. NEW Talking Point discussion lessons are based on an interesting business concept, process or approach that is relatable for any student in any business profession. The personalized Talking Point tasks allow students to apply the concept to their own working contexts, and provide the opportunity to use language from the unit. NEW Viewpoints integrate video into the lesson to bring business English to life - and build communication skills for business. Each video lesson relates to content in the units and builds up to a communicative task. NEW Language Points provide explicit focus on the meaning and form of the target language applied in a business context. EXTENDED Practically Speaking sections help students put language to use immediately. In every unit, Practically Speaking relates clearly to the unit content, and includes input, analysis and practice. Easily adapt Business Result Second Edition to fit your teaching context The IMPROVED modular structure of Business Result Second Edition means it can

be easily adapted to fit your teaching context. Each section within a unit works in a modular way - they can be completed as standalone activities according to your needs. You can choose lessons that are most relevant for your students. The Teacher's Book provides support for using the course flexibly in 1 to 1 lessons and with pre-work students. For those working through the book in order, continuity is maintained throughout the book to provide natural progression. Enrich your lessons with ready-to-go resources to pick up and teach in class. NEW photocopiable worksheets for each unit provide more practice for the main sections of each unit: Working with Words, Language at Work and Business Communication. NEW online resources for teachers include Viewpoint video files to stream or download, audio files to stream or download, sample emails for each unit, downloadable business cards, and progress tests. Help students advance their career through progress tracking and assessment support. Clear Outcomes - 'you can' statements help students monitor their own progress, and download-

able progress tests enable you to track students' progress in language skills and speaking skills. NEW Online Practice provides extra interactive practice activities with instant feedback on answers and automatic grading, allowing students to independently review their learning. Online Practice allows you to easily track and report on your students' progress, keeping you up-to-date with your students' learning. Downloadable progress tests for every unit enable you to assess students' progress, and identify student weaknesses and strengths.

Beyond Training examines the nature of second language teacher development and how teachers' practices are influenced by their beliefs and principles. It seeks to move discussion of language teacher development beyond the level of "training," which reflects a technical view of specific teaching practices. Instead, it takes a more holistic approach to teacher development built on the notion of the teacher as critical and reflective thinker. The argument pursued throughout is that teacher education needs to engage teachers not merely in the mastery of techniques, but in an exploration of

the knowledge, beliefs, and attitudes that underly their teaching practices.

Learn to: Put an EFL course programme together from scratch Let your students loose in skills classes from reading to listening Deliver grammar lessons in a logical and intuitive way Cope with different age groups and capabilities Your one-stop guide to a career that will take you places If you thought that teaching a language that's second nature to you would be easy, think again! Explaining grammar, or teaching correct pronunciation while simultaneously developing your own skills as a teacher can be a huge challenge. Michelle Maxom's step-by-step guide provides practical tips to get you started and offers key advice to help unleash the creative English language teacher within.' Claire Woollam, Director of Studies & a Teacher Trainer at Language Link London "Never before, in the entire history of the American theater, has so much

of the truth of Black people's lives been seen on the stage," observed James Baldwin shortly before *A Raisin in the Sun* opened on Broadway in 1959. This edition presents the fully restored, uncut version of Hansberry's landmark work with an introduction by Robert Nemiroff. Lorraine Hansberry's award-winning dra-

ma about the hopes and aspirations of a struggling, working-class family living on the South Side of Chicago connected profoundly with the psyche of Black America—and changed American theater forever. The play's title comes from a line in Langston Hughes's poem "Harlem," which warns

that a dream deferred might "dry up/like a raisin in the sun." "The events of every passing year add resonance to *A Raisin in the Sun*," said *The New York Times*. "It is as if history is conspiring to make the play a classic."

The first book to unite scholarship on workplace English with general training.
