7FC - MIGUEL ROLAND

Transitions in the Work Life. Sometimes the change intensifies your energy, but more often it diverts energy from work to the area of your life that is changing. Attempts to reinstate you old motivation by reward or punishment are futile as trying to keep leaves on the trees once they've started to fall.

basically says it's ok and, more importantly, normal to feel lost/overwhelmed/unsure during times of transitions - but then gives great ideas on how to recognise the parts of transition which is helping me move through it easier. A must read for anyone making a major life choice, decision, or passing a milestone. 3 people found this helpful

Find many great new & used options and get the best deals for Transitions : Making Sense of Life's Changes by William Bridges (2004, Paperback, Revised) at the best online prices at eBay! Free shipping for many products!

Bridges spent a lot of time meeting and talking with others going through transitions as he was also undergoing a massive period of change in his own life. The writing is very good, which is not surprising given that Bridges used to be a university professor of writing.

Transitions by William Bridges Summary The best-selling guide for coping with changes in life and work, named one of the 50 all-time best books in self-help and personal development Whether you choose it or it is thrust upon you, change brings both opportunities and turmoil.

First published in 1980, Transitions was the first book to explore the underlying and universal pattern of transition. Recently named one of the 50 most important self-help books of all time, Transitions remains the essential guide for coping with the inevitable changes in life. Transitions takes listeners step-by-step through the three perilous stages of any life passage, explaining how each ...

Transitions: Making Sense Of Life's Changes by William ...

Transitions is written and thoughtful. The author gives you a way to think about the big changes you make in your life. For me, the most useful insight was that transitions can not only make you look forward in anticipation, they make you grieve for the past, even when the past was perhaps not so great.
