3A5 - QUINCY DONNA

Understanding the Arts and Creative Sector in the United States. The arts and creative sector is one of the nation's broadest, most important, and least understood social and economic assets, encompassing both nonprofit arts and cultural organizations, for profit creative companies, such as advertising agencies, film producers, and commercial publishers, and communi-

ty-based artistic activities.

In relation to children, the creative arts are activities that engage a child's imagination and can include activities such as art, dance, drama, puppetry, and music. They stimulate and help children cultivate their abilities across virtually every domain, and they are open-ended activities, fostering flexibility of the mind. And most important of all, the creative arts emphasize the process, teaching kids in a world that is progressively more and more product-driven

that the method by ...

The Importance of Creative Arts in Early Childhood Education

It shouldn't be confined to certain subjects in the curriculum, creativity in science is different to creativity in drama but is

valuable to both. Creativity is enhanced through subject knowledge. We're advocating for children to be given the chance to deepen their subject understanding and build on this through creativity.

The role of creativity in education | Arts Council England

- The dictionary definition of art says that it is "the conscious use of skill and creative imagination especially in the production of aesthetic objects" (Merriam-Webster) But the thing about art is that it's so diverse that there are as many ways to understand it as there are people.

 This online course about dementia and the
 arts aims to enrich, explore, and challenge
 perceptions of the dementias through a
 combination of science and the creative

arts. The course, and everything you'll
 learn within it, is designed to reaffirm the
 value of people with dementia and their
 experiences, and to demonstrate the
 power of the arts to communicate both the
 experience and biology of the dementias.

Dementia and the Arts - Online Course
 Leonie Bell, Director, Arts and
 Engagement at Creative Scotland said:
 "Arts, culture and creativity sit at the heart
 of who we are as a nation. They are a
 central part of a healthy, innovative, and
 dynamic society. The arts should reach
 across and contribute to society by
 reflecting, representing and celebrating
 diversity and difference.

 Psychology Much attention has been
 devoted to critical and creative thinking
 within the field of education in recent
 years. One reason for this burgeoning
 interest results largely from research that
 has shown it is possible to increase

students' critical and creative thinking capacities through instruction and practice.

"If we do not provide opportunities to develop creativity and for children to study and gain qualifications in the arts, then we are potentially cutting off a whole range of career options for them and doing them a disservice - particularly bearing in mind that the creative industries contribute £8 million an hour to the UK economy and in September 2016 it was calculated that 2.9 million ...
