3CA - RIVERS ANTON

"If you're like most entrepreneurs, you probably hate accounting. It's a source of constant frustration. The information your bookkeepers and accountants bring isn't at all understandable or helpful. And you know you're not getting the information you need to run your business. You're stressed, fed up, and even embarrassed about the state of your books. But you don't know how to make things better. One thing is certain: you can't afford to spend time learning accounting--nor would you want to. Thankfully, you don't have to be an accountant to understand your financials. In *Entrepreneurs*, Spencer Sheinin lays out the surprisingly simple path to financial clarity. You'll turn these financial weaknesses into a power by learning how to effectively direct your accounting team. How? By getting the information you need, when you need it, and most importantly, in an intuitive, simple-to-use format."--

When it comes to taxes, it's not just about how much money you make--but how much money you actually get to keep. Are you tired of working hard all year, just to lose the largest chunk of that money to the IRS? Believe it or not, the U.S. tax system is filled with loopholes designed specifically to benefit real estate investors just like you. In this comprehensive follow-up to *The Book on Tax Strategies*, bestselling authors and CPAs Amanda Han and Matthew MacFarland bring you more strategies to slash your taxes and turn your real estate investments into a tax-saving machine. Inside, you will learn: How to take advantage of the tax reform benefits in all of your real estate deals Tax-deferral and tax-free techniques to significantly increase your return on investments How to use your rental properties to legally wipe out your taxable income What you need to know to take advantage of the Opportunity Zone tax benefits Tax-free methods to take cash out of a 1031 Exchange How to supercharge your nest egg using self-directed investment strategies Common retirement investing tax traps and how to avoid them Taxes saved means more money for you, your family, and more money to invest. Learning to save on your taxes could be the easiest money you ever make!

The *Self Directed IRA Handbook* explains how investors can own alternative retirement plan assets in their IRAs. These assets typically include; real estate, private stock, IRA/LLCs, LP, LLC, private equity, hedge funds, private placement, crowdfunding, and precious metals. The Handbook clearly explains the prohibited transaction rules, investment structures, common self directed IRA investment assets, and SDIRA tax pitfalls (UBIT & UDFI tax). The Handbook goes beyond the basics of self directed IRAs and includes extensive FAQs after each chapter, and nearly 100 citations to cases, statutes, rulings, and opinions from the Courts, the IRS, and the DOL. Its author, Mat Sorensen, is an experienced attorney who has advised clients with IRAs at every major self directed IRA custodian, and who speaks frequently at industry associations and before professional groups on self directed IRA topics. Mat regularly advises clients on the prohibited transaction

rules, on IRA/LLC structures, on real estate and private company investments, and on UBIT and UDFI taxes. Mat has also successfully represented self directed IRA owners before the IRS Appeals Office and the U.S. Tax Court. To view testimonials for the book, and for additional self directed IRA resources, please visit the author's site at www.sdirahandbook.com

Irving and Muktuk, two polar bears, enjoy themselves so much when Larry comes to visit them that the next time they escape from the zoo in Bayonne, New Jersey, they decide to pay a visit themselves.

Author of cult classics *The Pumpkin Plan* and *The Toilet Paper Entrepreneur* offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: Sales - Expenses = Profit. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: Sales - Profit = Expenses. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-eating monsters to profitable cash cows. Using Michalowicz's Profit First system, readers will learn that:

- Following 4 simple principles can simplify accounting and make it easier to manage a profitable business by looking at bank account balances.
- A small, profitable business can be worth much more than a large business surviving on its top line.
- Businesses that attain early and sustained profitability have a better shot at achieving long-term growth. With dozens of case studies, practical, step-by-step advice, and his signature sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.

Tackling the fundamental question asked by all taxpayers - "How can I save on my taxes?," attorney and CPA Mark Kohler empowers frustrated taxpayers to dismiss the common CPA jargon that their tax payment "is what it is" and ignore widely used tax talk like "you just make too much money." Kohler reveals 8 life-changing tax principles, and teaches both wage earners and business owners how to apply fundamental, but underutilized tax strategies to achieve huge tax savings, greater wealth, and ultimately, a winning pursuit of the American Dream. Kohler presents wage earners with applicable strategies beyond writing off mortgage interest and contributing more to their IRA. Following the story of a typical family, tax payers discover the undeniable benefit of owning a side/or small business, how hiring their spouse and children can help their bottom line, the financial windfall that comes with owning rental real estate, and the secret success behind self di-

recting their retirement plan, which is something 9 out of 10 CPAs don't know or don't talk about! Small business owners uncover new avenues for adding to their bottom line including how to save on health care and legitimate bookkeeping techniques that can put thousands back in their pocket—all illustrated through checklists, charts and templates available in the additional resources toolkit provided by Kohler.

Claim tax deductions and credits with confidence using this complete list of tax relief opportunities It seems that every year your personal tax return gets more and more complicated. What can you claim? What can you deduct? J.K. Lasser's 1001 Deductions and Tax Breaks 2021 offers simple and step-by-step tips on the tax relief available to individual taxpayers just like you. You'll discover how to take advantage - legally - of every available tax deduction and credit out there. Attorney, expert, and author Barbara Weltman walks you through every single credit and deduction available to you and shows you which forms you need to fill out to claim them. You'll learn: How to review your records for deduction and credit opportunities Keep the right records and receipts in case the IRS comes calling What types of income are tax free Which COVID-19-related tax breaks apply to you The difference between a deduction and a credit, and why it matters Whether you're filling out your first tax return ever or your fifty-first, J.K. Lasser's 1001 Deductions and Tax Breaks 2021 will show you easy ways to increase your tax refund and decrease your tax payable on you 2020 return and plan for additional tax savings in 2021.

This is a powerful story woven around one theme—TAX PLANNING CAN CHANGE YOUR LIFE Tackling the fundamental question asked by all taxpayers - How can I save on taxes? — attorney and CPA Mark J. Kohler empowers you to dismiss standard CPA viewpoints like your tax payment is what it is and you just make too much money. Simplified through the mastery of storytelling, Kohler invites you to immerse yourself in the compelling tale of a typical family's tax awakening. Through their journey, you'll discover critical, but underutilized tax strategies to achieve huge tax savings, greater wealth, and, ultimately, a winning pursuit of the American Dream. "Mark brought tax planning to life in a story line we can all relate to personally!" Lori Mackey, award-winning author, CEO of Prosperity4Kids, Inc. "It is about time someone brought the benefits of tax planning to the masses. That is what Mark has achieved in this book." Dermot Berkery, author of Raising Capital for the Serious Entrepreneur "If you are not happy with your current CPA relationship, and aren't in love with your generic tax planning software, and wonder if there are better options out there. . .you need to read this book!" Tim Higgins, author of Paying For College Without Sacrificing Your Retirement "FINALLY, a tax book that I can not only understand but relate to and actually learn from. I never thought it was possible, however Mark Kohler did it - he made learning about taxes fun." Starr Hall, www.StarrHall.com, international author, speaker "This book changed the way I saw my taxes and my financial future." Woody Woodward, filmmaker, author, success Strategist Includes Tax Planning Resource Kit—Access templates, checklists, charts, and videos for additional support!

A simple guide to a smarter strategy for the individual investor A Wealth of Common Sense sheds a refreshing light on investing, and shows you how a simplicity-based framework can lead to better investment decisions. The financial market is a complex system, but that doesn't mean it requires a complex strategy; in fact, this false premise is the driving force behind many investors' market "mistakes." Information is important, but understanding and perspective are the keys to better decision-making. This book describes the proper way to view the markets and your portfolio, and show you the simple strategies that make investing more profitable, less confusing, and less time-consuming. Without the burden of short-term performance benchmarks, individual investors have the advantage of focusing on the long view, and the freedom to construct the kind of portfolio that will serve their investment goals best. This book proves how complex strategies essentially waste these advantages, and provides an alternative game plan for those ready to simplify. Complexity is often used as a mechanism for talking investors into unnecessary purchases, when all most need is a deeper understanding of conventional options. This book explains which issues you actually should pay attention to, and which ones are simply used for an illusion of intelligence and control. Keep up with—or beat—professional money managers Exploit stock market volatility to your utmost advantage Learn where advisors and consultants fit into smart strategy Build a portfolio that makes sense for your particular situation You don't have to outsmart the market if you can simply outperform it. Cut through the confusion and noise and focus on what actually matters. A Wealth of Common Sense clears the air, and gives you the insight you need to become a smarter, more successful investor.

A withering exposé of the unethical practices that triggered the indictment and collapse of the legendary accounting firm. Arthur Andersen's conviction on obstruction of justice charges related to the Enron debacle spelled the abrupt end of the 88-year-old accounting firm. Until recently, the venerable firm had been regarded as the accounting profession's conscience. In Final Accounting, Barbara Ley Toffler, former Andersen partner-in-charge of Andersen's Ethics & Responsible Business Practices consulting services, reveals that the symptoms of Andersen's fatal disease were evident long before Enron. Drawing on her expertise as a social scientist and her experience as an Andersen insider, Toffler chronicles how a culture of arrogance and greed infected her company and led to enormous lapses in judgment among her peers. Final Accounting exposes the slow deterioration of values that led not only to Enron but also to the earlier financial scandals of other Andersen clients, including Sunbeam and Waste Management, and illustrates the practices that paved the way for the accounting fiascos at WorldCom and other major companies. Chronicling the inner workings of Andersen at the height of its success, Toffler reveals "the making of an Android," the peculiar process of employee indoctrination into the Andersen culture; how Androids—both accountants and consultants--lived the mantra "keep the client happy"; and how internal infighting and "billing your brains out" rather than quality work became the all-important goals. Toffler was in a position to know when something was wrong. In her earlier role as ethics consultant, she worked with over 60 major companies and was an internationally renowned expert at

spotting and correcting ethical lapses. Toffler traces the roots of Andersen's ethical missteps, and shows the gradual decay of a once-proud culture. Uniquely qualified to discuss the personalities and principles behind one of the greatest shake-ups in United States history, Toffler delivers a chilling report with important ramifications for CEOs and individual investors alike.

Gain a thorough understanding of tax research today with the hands-on practice needed for success. Sawyers/Gill's market-leading **FEDERAL TAX RESEARCH**, 12E's step-by-step approach uses the latest examples and engaging discussions to focus on the most important elements of federal tax law and tax practices. Whatever you need to know as a professional, you'll be able to find it quickly and easily. Clear, expert answers to tough tax questions New and amended laws, court decisions, IRS rulings, and more Source literature via citations and references from the Code, courts, and IRS The impact of the 2019 SECURE Act and the 2020 CARES Act Keeping up with the latest on tax law is a full-time job—but that doesn't mean you need to do it on top of your full-time job: the experts at J.K. Lasser's *Your Income Tax Professional Edition 2021* have done all that work for you—allowing you to concentrate on giving your clients the authoritative, detailed, and reliable advice they expect and need.

Best-selling author and money scientist, Curtis Ray, is at it again. In a new and compelling story about money, science, art, evolution, discovery, creation, struggle, and ultimately, triumph, Curtis will take you on a life-changing journey through some of the most complicated mathematic money concepts by transforming them into an easily implemented path to unlimited wealth and prosperity. Curtis brings to life, in both words and graphics, the pheno-

menon of Compound Interest and the powerful influence it can have on your life. Like no other book, you will learn the simplest path to personal and financial freedom through a scientific approach to money, allowing the laws of Compound Interest to do all the heavy lifting in your pursuit of financial freedom.

INTERNATIONAL BESTSELLER "For anyone who wants to understand capitalism not as economists or politicians have pictured it but as it actually operates, this book will be invaluable."-Observer (UK) If you've wondered how we did not see the economic collapse coming, Ha-Joon Chang knows the answer: We didn't ask what they didn't tell us about capitalism. This is a lighthearted book with a serious purpose: to question the assumptions behind the dogma and sheer hype that the dominant school of neoliberal economists—the apostles of the freemarket—have spun since the Age of Reagan. Chang, the author of the international bestseller *Bad Samaritans*, is one of the world's most respected economists, a voice of sanity—and wit—in the tradition of John Kenneth Galbraith and Joseph Stiglitz. *23 Things They Don't Tell You About Capitalism* equips readers with an understanding of how global capitalism works—and doesn't. In his final chapter, "How to Rebuild the World," Chang offers a vision of how we can shape capitalism to humane ends, instead of becoming slaves of the market.

Debunks nine myths about effective money management and describes the principles that lead to true financial success and prosperity.

Green's 2020 *Trader Tax Guide* focuses on traders' unique tax needs and is updated to include the latest tax strategies, pitfalls, tweaks, warnings, and benefits. Whether you self-prepare your tax returns or engage a CPA firm, this guide can help you through the process, resulting in tax savings. The 17 chapters cover: trader tax status, Section 475 MTM, tax treatment (equities, 1256 contracts, options, ETFs, ETNs, forex, precious metals, cryptocurrencies, etc.), accounting for trading gains and losses, trading business expenses, tips for preparing tax returns, tax planning, entity solutions, retirement plan strategies, IRS and state tax controversy, traders in tax court, proprietary trading, investment management, international tax, Obamacare taxes, short selling, and Tax Cuts and Jobs Act. Green's *Trader Tax Guide* has been published every year since 1997 and remains the gold standard in trader tax.

Save **BIGGER THAN EVER** with this fully updated edition of the classic tax-saving guide! Tax whiz Jeff Schnepper has been helping ordinary taxpayers dramatically lower their tax bills for decades. Now, Schnepper brings his classic guide up to date for the coming tax season. Presented in language anyone can understand, *How to Pay Zero Taxes 2020-2021* delivers everything you need to take full advantage of the newest tax laws—and pay the IRS less than ever before. Schnepper uncovers hundreds of sanctioned deductions, shelters, credits, and exemptions and provides invaluable tax tips you'll only find here. You'll learn how to navigate the tax code like a pro and save the maximum legal amounts on:

- Capital gains and dividends
- IRA and retirement plans
- Converting personal expenses into deductible business expenses
- Charitable deductions
- Child care and elder care
- Moving and job-hunting expenses
- Mortgages and points
- Investment expenses

Every April, thousands of people around the country pay far more than they have to. Don't give the IRA one dollar more than the law requires. Use *How to Pay Zero Taxes 2020-2021* to keep more of your hard-earned money in your own pocket.

The Tax Rules Have Changed. Your Business Should, Too. The Tax Cut and Jobs Act of 2017 marks the biggest tax reform in more than 30 years. The changes to the tax code are complex (especial-

ly for the small-business owner), but you don't have to go it alone. CPA and Attorney Mark J. Kohler delivers a comprehensive analysis of the new tax and legal structure you desperately need to help make the new tax law work for you. In this revised edition of *The Tax and Legal Playbook*, Kohler reveals clear-cut truths about tax and legal planning and delivers a practical, play-by-play guide that helps you build wealth, save on taxes, and protect your assets. Using real-world case studies, tax-savvy tips, game plans, and discussion points, Kohler coaches you through the complexities of the tax game of the small-business owner. You'll also learn how to: Examine your business needs and pick the right business entity for you Build your personal and corporate credit in eight steps Implement affordable asset protection strategies Take advantage of underutilized business tax deductions Pick the right health-care, retirement, and estate plans Bring on partners and investors the right way Plan for your future with self-directed retirement funds Reading from cover to cover or refer to each chapter as needed, you will come away wiser and better equipped to make the best decisions for your business, your family, and yourself.

The Loopholes of Real Estate reveals the tax and legal strategies used by the rich for generations to acquire and benefit from real estate investments. Clearly written, *The Loopholes of Real Estate* shows you how to open tax loopholes for your benefit and close legal loopholes for your protection.

A must read for any small business who wants to cut reduce taxes and create wealth.

Your plain-English guide to navigating a financial accounting course Despite the economic landscape and job market, demand for accountants remains strong, and accountants will continue to see high demand for their services as the economy rebounds and businesses grow. - Manage and sell your product or service
- Perform a month-end balancing of accounts

Packed with definitions of basic accounting terms, sample accounting statements, and a wealth of tips and tricks to simplify the accounting process, *Accounting for Small Business Owners* has everything you need to get the job done!

What is financial freedom and how do you achieve it? That is a question I asked myself in 2014. My name is Curtis Ray, from Gilbert, Arizona and the author of this book *Everyone Ends Up Poor(tm)*. I want to tell you my story of financial discovery through family, entrepreneurship, product development, and an array of experiences. This is not a traditional story of an investment strategy secret or 401(k) success, but a story of true pursuit of knowledge, breaking down the whole system of financial planning, and discovering the inefficiencies and underwhelming results of the 401(k), IRA, Roth IRA and other traditional financial plans. Throughout the book I look back on my life of running numerous businesses, what I learned through rapid success, partnerships, my rise and fall of financial wealth, and what ultimately led me to a career in educating the public on the Rules of Money and how to achieve financial security. This book is like no book ever written. Explaining clearly why a 401(k), IRA, Roth IRA, and other traditional retirement vehicles are not your friend, were never designed to produce you a good retirement income, and why *Everyone Ends Up Poor(tm)*. Once someone understands the pitfalls of the current financial system, I explain the steps that can be taken to improve your retirement success by up to 400%. Through the experience and knowledge found in my journey, anyone can start the path of financial freedom today. In this book I explain the 7 Rules of Money prosperity, the 9 pillars of financial planning, pitfalls to avoid as an entrepreneur, and the one-of-a-kind financial strategy called Maximum Premium Indexing or MPI(tm). *Everyone Ends Up Poor(tm)* will challenge every belief you have regarding the current financial planning system.

Let's face it, planning and saving for retirement is not easy. We are told that the earlier we start the better and that the "magic of compounding" will make our dreams come true if we simply trust the stock market and our investment advisor. But for most people it's simply not possible. People in their twenties are often saddled with student debt and may be struggling to find suitable full-time employment. Saving for retirement is the last thing on their minds, as it should be. Then in our thirties and forties we tend to do things like get married, have kids, and buy houses. All these things cost a lot of money! So for many people there simply isn't any money left to put away for retirement. Therefore many of us become procrastinators when it comes to saving for retirement. But there is hope. This book will take you step-by-step though

planning and saving for retirement starting in your fifties and the best way to fund your retirement years. It is designed for people approaching retirement who want to ensure it is comfortable and stress-free.

Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For *The White Coat Investor* "Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. Roth, MBA, CPA, CFP(R), Author of *How a Second Grader Beats Wall Street* "Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research." - William J. Bernstein, MD, Author of *The Investor's Manifesto* and seven other investing books "This book should be in every career counselor's office and delivered with every medical degree." - Rick Van Ness, Author of *Common Sense Investing* "The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk." - Joe Jones, DO "Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis." - Dennis Bethel, MD "An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust." - Greg E Wilde, M.D

business has the very best business model possible If you need to update a business model due to changes in the market or maturation of your company, *Business Models For Dummies* has you covered.

Every human is born with multifarious potential. Why, then, do parents, schools and employers insist that we restrict our many talents and interests; that we 'specialise' in just one? We've been sold a myth, that to 'specialise' is the only way to pursue truth, identity, or even a livelihood. Yet specialisation is nothing but an outdated system that fosters ignorance, exploitation and disillusionment and thwarts creativity, opportunity and progress. Following a series of exchanges with the world's greatest historians, futurists, philosophers and scientists, Waqas Ahmed has weaved together a narrative of history and a vision for the future that seeks to disrupt this prevailing system of unwarranted 'hyper-specialisation.' In *The Polymath*, Waqas shows us that there is another way of thinking and being. Through an approach that is both philosophical and practical, he sets out a cognitive journey towards reclaiming your innate polymathic state. Going further, he proposes nothing less than a cultural revolution in our education and professional structures, whereby everyone is encouraged to express themselves in multiple ways and fulfil their many-sided potential. Not only does this enhance individual fulfilment, but in doing so, facilitates a conscious and creative society that is both highly motivated and well equipped to address the complexity of 21st century challenges.

A complete list of individual tax relief opportunities J.K. Lasser's *1001 Deductions and Tax Breaks 2020* is the complete and thorough guide to reducing your tax burden. By listing every possible deduction and credit available to individual taxpayers, this book can help you achieve substantial savings on your 2020 tax return. Updated and expanded to cover new and changing tax law, this edition also includes an e-supplement covering the latest developments from Congress and the IRS to keep you fully up-to-date. Stop overpaying and gain peace of mind as you find the answers you need for your specific tax situation. Mine your paperwork for write-off opportunities, and claim your tax breaks correctly; easy-to-follow instructions give you clear guidance through the maze of worksheets to help you reclaim what is legally yours. Echoing cries of "Can I claim...?", "How do I deduct...?", "Where do I find...?" mean it's tax season again, and America's most trusted tax advisor is here to take away the stress. Find answers, save money, and streamline the filing process. Examine your records for deduction opportunities Identify each and every deduction for which you qualify Learn about new or updated deductions for your 2018 return See what types of income are tax free Claim correctly, with the appropriate forms and evidence Deductions and credits were put in place precisely to help everyday people like yourself keep more of their hard-earned money—but only if you claim them. Instead of mounting an expedition into impenetrable tax code, let an expert do the legwork for you: J.K. Lasser's *1001 Deductions and Tax Breaks 2020* gives you the straightforward, no-nonsense information you need to stop overpaying and keep more of what's yours.
